

December 2022

To Whom It May Concern:

I am pleased to write this letter of recommendation for Joshua Idio as a candidate for employment in your district. I have had the pleasure of working with Mr. Idio during his time in the Readington School District.

During his time, Mr. Idio eagerly began assuming the planning and teachings of all instrumental music students from grades 4-8. He taught beginner brass lessons with enthusiasm and adapted instruction to all different types of learners. Mr. Idio also taught middle school full band classes with excitement for his craft. The students were very eager to learn from him as he offered a unique perspective being a composer himself and built rapport quickly with the students in a short period of time.

He is compassionate, caring, and strives to improve his teaching techniques through planning, preparation, and reflection. Any district would be lucky to have him on their faculty.

Sincerely,  
Jessica Richter
